

Van Mahotsav Celebration (18.07.2026)

The school celebrated Van Mahotsav on 18 July 2026 with great enthusiasm to promote environmental awareness and inspire students to protect and preserve nature. The programme highlighted the importance of trees in maintaining ecological balance,

conserving biodiversity, and ensuring a sustainable future.

The celebration commenced with a brief address emphasizing the significance of Van Mahotsav and the collective responsibility of every individual towards environmental conservation. Students actively participated in a sapling plantation drive within the school campus, symbolizing their commitment to creating a greener and healthier environment. Teachers guided the students on the proper care and maintenance of the newly planted saplings, encouraging them to nurture the plants as a long-term responsibility.
